United Cooperative Services' Energy Innovation Rebate Program is more robust than ever, and now includes substantial monetary rebates, complimentary energy-saving resources and a dedicated team of Energy Innovation experts prepared to perform free energy analyses at member homes. The program has something for just about everyone, so take advantage of these generous member benefits. *Rebates and resources are available on a first-come, first-served basis until inventories and rebate budgets are exhausted. TOTAL REBATES PER HOME ARE CAPPED AT \$1,200.*

## CURRENT REBATE OFFERINGS

The following items are eligible for rebates under United's 2010 Energy Innovation REBATE PROGRAM and are based on individual pieces of equipment for new residential construction, and full replacement upgrades made to existing HVAC equipment.

### ▼ HEAT PUMP REBATE\*

- ▶ Weather Stripping and Caulking at Soleplate, Wiring and Plumbing Entries

## ▼ HVAC TUNE-UP

Residential members who own their homes are eligible for one rebate (up to \$100) per unit in 2010. Tune-ups must be performed by a qualified service professional and must include the following criteria: checking and correcting the unit's refrigerant pressure and tubing, checking and adjusting belt tension, cleaning and lubricating the indoor blower unit, replacing filters, cleaning inside the "A" coil, and checking the thermostat, wiring, and other electric parts. A copy of the receipt from a qualified contractor stating that the work above was completed must be submitted to United. Members should request a pre or post tune-up energy audit conducted by United's energy innovation experts.

Cost: \_\_\_\_\_

Technician Signature: \_\_\_\_\_

## ▼ EnergyStar® HOME REBATE

Members who build EnergyStar rated homes are eligible to receive up to a \$500 rebate. Homes must have closed after December 1, 2009. Members must submit to United the Energy Star Certificate for the new home to qualify for the rebate. Independent Home Energy Raters must conduct onsite testing and inspections to verify the energy efficiency measures, as well as insulation, air tightness, and duct sealing details. Either the builder or homeowner is responsible for obtaining the rating from a certified Energy Star rater.

## ▼ COMPACT FLUORESCENT LIGHTING PROGRAM

Residential members who have an energy audit performed on their homes are eligible to receive a limited quantity of compact fluorescent lamps (CFLs) for their most frequently used fixtures. You may request an energy audit at [www.united-cs.com](http://www.united-cs.com), or at the nearest area **United Cooperative Services office** to take advantage of this program.

# ▼ MEMBER INFORMATION

Energy Innovation rebates are available only for qualifying purchases and/or services. The availability of the Energy Innovation Rebate Program is limited and rebates will be processed on a first-come, first-served basis. When funds have been depleted, the Energy Innovation Rebate Program will no longer be available until the next year, pending board approval. Members must submit this form and required documentation to be eligible for rebates within 60 days of the completion of construction and/or installation. Documentation (receipts, invoices, insulation label, etc.) verifying insulation levels and window types must accompany this rebate form in order to receive the **TOTAL NEW HOME BONUS** incentive.

**To process this application, please send it and the required documentation to:**

**United Cooperative Services  
Attn. ED NUNEZ  
P.O. Box 308  
Burleson, TX 76097  
or / FAX:817-447-8609  
e-mail: ed @united-cs.com**

By signing this form, the member agrees the equipment listed on this form has been selected and installed in accordance with United Cooperative Services' Energy Innovation Rebate Program guidelines. Homeowners and/or contractor(s) understand that prior to issuance of payment, the equipment's efficiency rating will be verified and approved by a United representative using ARI & GAMA equipment directories. Homeowners and contractors also acknowledge there is a \$1,200 cap on the total rebate amount per home. United reserves the right to conduct on-site inspections.
